Arnold perceived a decline in the moral and spiritual values traditionally upheld by poetry and aimed to articulate a framework for evaluating and appreciating poetry in this changing landscape. His background as a poet and critic gave him a unique vantage point. Arnold believed that poetry was not merely an art form for entertainment but a vital means of moral and spiritual education. His work was motivated by a desire to elevate the standards of poetic appreciation and to emphasize the importance of moral and religious themes in poetry.

Main Objectives of the Work

- To establish the significance of poetry as a moral and spiritual force. - To delineate the qualities that make poetry exemplary. - To guide readers and critics in the proper study and appreciation of poetry. - To defend poetry's role against the encroaching dominance of science and utilitarian values.

Core Principles in The Study of Poetry

Arnold's "The Study of Poetry" is structured around several key ideas that define his approach to poetry and its study.

The Function of Poetry

Arnold famously states that the primary purpose of poetry is to "console" and "elevate" humanity. He believes poetry should serve as a moral force, fostering spiritual growth and imparting universal truths. Unlike the purely aesthetic appreciation of beauty, Arnold advocates for a moral and educational role of poetry.

The Moral and Spiritual Role of Poetry

For Arnold, poetry acts as a bridge between the individual and the divine, offering insights into the human condition and moral values. He argues that good poetry reflects the highest ideals of humanity and helps cultivate virtues such as sympathy, humility, and reverence.

The Criteria for Good Poetry

Arnold proposes specific qualities that distinguish great poetry from the mediocre:

1. **Unity of Theme:** A poem should have a clear, harmonious central idea.
2. **Originality and Imagination:** The poet's creative insight should illuminate universal truths.
3. **Elevated Language:** The diction should be noble and appropriate to the subject.
4. **Expressiveness:** The poem should evoke deep emotional and intellectual responses.
5. **Universal Appeal:** The themes should resonate beyond personal experience and touch upon universal human concerns.

The Concept of the "Poet's Role"

Arnold emphasizes that the poet's role is to serve as a moral guide, a prophet who reveals higher truths. The poet must possess a keen sensitivity to moral and spiritual realities, and their work should aim to uplift and instruct society.
