What to do: Contact your HR or payroll administrator to verify your access level and request additional permissions if needed.

3. Technical Glitches or Browser Compatibility Issues

Sometimes, account display issues stem from: - Browser cache or cookies - Outdated browser versions - Compatibility problems with certain browsers What to do: Clear your browser cache, try using a different browser, or update your current browser. Also, ensure your device has a stable internet connection.

4. Account Not Fully Set Up or Verified

New users might experience incomplete account setups, which can limit what's visible until registration is complete. What to do: Complete all onboarding steps and verify your email or identity as instructed by Trader Joe's HR team.

5. System Maintenance or Outages

Occasionally, Ceridian's servers undergo maintenance or experience outages, temporarily hiding or restricting access to certain features. What to do: Visit Ceridian's status page or Trader Joe's internal communication channels for updates.
