Who Is Eligible for the Program?

Eligibility hinges on several factors:

- The type of coverage you hold (typically comprehensive or collision coverage).
- The location of the repair shop—USAA has a network of approved shops primarily across the United States.

Most USAA policyholders with eligible coverage can participate, but it's always wise to confirm during the claims process or when selecting a repair shop.

How to Apply for the USAA Direct Repair Program

Applying to the program is closely integrated with the claims process. Here's an in-depth look at how to initiate and complete your application.

Step 1: Filing an Insurance Claim

The process begins when you file a claim after an accident: - Contact USAA promptly via their mobile app, website, or phone. - Provide details of the incident, including date, location, and damages. - USAA will assign a claims adjuster to evaluate your case.

Step 2: Assessment and Repair Shop Recommendations

Once the claim is initiated: - The claims adjuster assesses the damage, possibly requesting photos or an inspection. - USAA will suggest participating repair shops based on your location and the damage. - You may be given the option to select a shop from their approved list, or you can ask about participating shops during the process.

Step 3: Choosing a Repair Shop

You have options at this stage: - Use USAA's recommended shops: These are part of the Direct Repair Program network. - Request a different shop: If you prefer a repair shop outside the network, USAA may allow this but check if the shop is approved or if additional steps are needed.

Step 4: Scheduling Repairs and Application Completion

Once you've selected a shop: - The repair shop contacts you to schedule repairs. - USAA communicates directly with the shop, streamlining approvals and payments. - During this phase, make sure to ask about the repair warranty, estimated completion time, and any documentation needed.

Step 5: Finalizing the Application and Repairs

- Ensure your insurance claim is updated with the repair shop's information. - Provide any necessary documentation (e.g., proof of insurance, vehicle registration). - Confirm that the repair shop is aware that your claim is through the USAA DRP.
