Common Jacksonville Zoo Scavenger Hunt Questions and Answers

Below are typical scavenger hunt questions with detailed answers to guide you through your adventure.

1. Find the African elephant and describe its habitat.

- Answer: The African elephants are located in the African Forest. Their habitat mimics the savannah with open spaces, scattered trees, and plenty of room for roaming. The exhibit includes mud wallows, water pools, and shade to resemble their natural environment.

2. Which animal is known as the "King of the Jungle," and where can you find it?

- Answer: The lion is known as the "King of the Jungle." You can find the lions in the African Forest exhibit, often in a large, open enclosure that allows for viewing both day and night behaviors.

3. Locate the Malayan tiger and list three interesting facts about it.

- Answer: 1. The Malayan tiger is a critically endangered subspecies of tiger native to the forests of Malaysia. 2. They are solitary animals, primarily active at night. 3. Malayan tigers have distinctive orange coats with black stripes, helping them camouflage in dense forests.

4. Find the orangutan enclosure and observe their behaviors. What do they often do?

- Answer: Orangutans are located in the Asian Gardens. They often swing through the trees, use tools like sticks to extract insects, and rest on elevated platforms. Their intelligence is evident in their problem-solving behaviors and playfulness.

5. Identify the native Florida animal that is often seen swimming in its habitat and describe its role in the ecosystem.

- Answer: The American alligator is commonly seen in the Wild Florida section. It plays a crucial role as an apex predator, helping control fish and amphibian populations, maintaining ecological balance.

6. Find the penguin exhibit. What is unique about the way penguins stay warm in cold environments?

- Answer: Penguins are located in the Shores and Aquatic exhibits. They stay warm through a dense layer of feathers, a thick layer of fat called blubber, and behavioral adaptations like huddling together.

7. Which exhibit features animals that are native to Australia?

- Answer: The Australian-themed exhibits feature animals such as kangaroos, wallabies, and koalas, often located near the Asian Gardens or in special Australian zones.

8. Locate the sea lion display and explain how they communicate with each other.

- Answer: Sea lions are in the Shores exhibit. They communicate through vocalizations, body language, and barking sounds to establish territory, attract mates, or alert others.

9. Find the educational station about conservation efforts and summarize one key message.

- Answer: The conservation station is located near main pathways or educational zones. One key message is the importance of habitat preservation and reducing pollution to protect endangered species worldwide.

10. Identify a plant or tree that is part of the zoo's landscaping and explain its significance.

- Answer: The baobab tree, found in the African Forest, is notable for its massive trunk and drought-resistant properties, symbolizing resilience and providing shelter for various animals.

Common Scavenger Hunt Clues & Their Answers

Below is a detailed breakdown of typical clues you might encounter during a Jacksonville Zoo scavenger hunt, along with the best strategies to find the answers.

Clue 1: "Find the tallest land animal and feed it a leafy snack."

Answer: Giraffe

Where to Find: Giraffe exhibit in the African Forest zone. Look for the feeding station where visitors can purchase leaves to feed the giraffes.

Tips: Observe the tall animals with long necks; they are usually standing near the feeding area. Engage with the ranger or signage for additional info.

Clue 2: "Spot the big cat with the orange coat and black stripes."

Answer: Tiger

Where to Find: Asian Gardens or Expedition Africa. Tigers are often housed in large, lush exhibits with viewing platforms.

Tips: Look for the tiger enclosure with signage indicating the species. Tigers are usually resting during the day, so patience may be needed.

Clue 3: "Locate the animal that can swim and has a long, curved snout."

Answer: Hippopotamus

Where to Find: Expedition Africa's Watering Hole exhibit. Hippos are semi-aquatic and often submerged during the day.

Tips: Watch for the large, barrel-shaped animals partially submerged in water. They tend to be more active during feeding times.

Clue 4: "Find the bird that is known for its colorful feathers and loud call."

Answer: Scarlet Ibis (or another vividly colored bird such as a peacock)

Where to Find: Birds of the Caribbean exhibit or aviaries across the zoo.

Tips: Look for brightly colored birds perched high on trees or exhibits. Listen for their calls to identify them.

Clue 5: "Search for the smallest primate that swings through the trees."

Answer: Monkey or Lemur (depending on the specific clue)

Where to Find: Madagascar exhibit, which houses lemurs, or other primate exhibits.

Tips: Observe the animals that are actively swinging or leaping from branch to branch.
